

SETTLE DISPUTES WITHOUT DELAY

CANADIAN-AMERICAN COMMISSION IS PROBABLE.

Scheme Favored in London—Great Britain May Be Relied on to Agree to the Formation of a Commission To Adjudicate International Differences on This Continent.

Washington, Nov. 22.—There is good reason to believe that the British government will view with favor the formation of a commission to clear up vexatious questions between the United States and Canada. This attitude will be important in the consummation of the commission plan, for the best efforts of the United States and Canada toward a general settlement could come to naught unless the imperial government approved the efforts and stood ready to give them official execution in the form of a treaty. Already the British ambassador has been authorized from London to begin negotiations for reciprocity treaties between the United States and the British West Indian colonies. This is cited to show the favor which the London authorities exhibit toward securing the best reciprocal advantages for British colonies. It is said the same view would prevail as to Canadian reciprocity. In any event, the work of a commission would be preliminary only, and it would remain for the British government to give it effect by formal treaty.

The British have been tenacious of holding the advantages secured by Canada's preferential British tariff, and it was thought the colonial office at London would not view with favor any movement by a commission which would disturb this preferential tariff. It appears, however, that the British authorities are sincerely anxious to close up the various irritating questions which have long existed between Canada and the United States, through the medium of a commission or otherwise, and that no idea is entertained that when the commission dealt with the subject of the tariff it would involve any disturbance of the British-Canadian tariff relations. There are said to be many articles, such as coal and fish, which are not exchanged between Great Britain and Canada. On such articles, therefore, any reciprocal arrangement between the United States and Canada would have no influence on British trade with Canada. The home government is said to be fully conscious of the advantage which Canada may secure in the extensive American market lying alongside her, and there is understood to be every desire to aid Canada in the enjoyment of reciprocal trade with this country.

The subjects other than the tariff, such as border immigration and fishing in the great lakes, are not of an imperial character, and concern only the United States and Canada. In these, it is said, Great Britain has no interest whatever, except to see them settled on terms satisfactory to Canada. The lake fisheries have been a prolific source of trouble.

It is claimed that the fish of the lakes, particularly whitefish, are being exterminated by the lax laws of some of the states bordering on the lakes. The destruction of the fish is said to be analogous to the destruction of the seals in Bering sea, and one of the subjects which Canada would urge before the commission would be the protection of the fisheries of the lakes.

Iron Brigade in a Rally.
Chicago, Nov. 22.—A movement is on foot to erect a monument to Gen. John A. Gibbon by his old soldiers of the Iron brigade, the next reunion of which will be held in Milwaukee in the near future. The movement started in St. Paul in September, 1896, when 900 Iron brigade men agreed to honor the memory of their old commander in this way. General Edward S. Bragg, president of the association, appointed a committee to facilitate the work, and these men are now forwarding the project. A considerable sum of money has already been raised.

Find New Klondike Passes.
San Francisco, Nov. 22.—The details have been received from the Pierre Humbert Alaskan exploring expedition which sailed from Seattle Oct. 15. The party is located ten miles up the river from Chilkat inlet. The course is being surveyed on both sides of the river, and the explorers have already located a pass over the range 2,500 feet lower than either Chilkat or Chilcoot. A perfectly feasible and easy route for a railroad into the valley of the Yukon has been discovered.

Judge Thomas L. Nelson Dead.
Worcester, Mass., Nov. 22.—Thomas L. Nelson, judge of the United States district court for the district of Massachusetts, died at his home in this city Sunday. He was 60 years of age and for twenty years had been a member of the bench, previous to which time he was a leader of the Worcester county bar.

After Prohibition Convention.
Bloomington, Ill., Nov. 22.—The prohibitionists of this city are determined to secure the coming state convention or Bloomington and announce that they will submit a proposition to delay all the expenses of the convention if it is held here. The cities now competing are Bloomington, Chicago, Springfield and Peoria.

Has Faith in Bimetallism.
Paris, Nov. 22.—In the course of a speech in the chamber of deputies, during the debate on the subject of the agricultural crisis, M. Meline, the premier, expressed the hope that the day would come when bimetallism would triumph as a solution of the agricultural depression.

METHODIST CONGRESS.

Will Try to Find Out Whether the Church Fulfills Its Mission.

Pittsburg, Pa., Nov. 22.—A notable religious gathering of the Methodist Episcopal church began a six days' session in Christ church Sunday morning. The call of the congress, which was signed by Bishops Vincent, Nindé and Fitzgerald and many prominent Methodist educators, says:

"The congress does not propose to invite or favor destructive criticism of existing institutions, but simply to bring out from persons representing different phases of intellectual activity a frank expression as to whether the church can meet any more fully than it does the demands of our times, and, if so, wherein its activities may be modified or directed to advantage. The congress will not concern itself with questions of church policy, but with issues bearing upon the relation of the church to the thought and life of the people as affected by current scientific and literary teachings. The congress will aim to secure an adequate presentation of the tendencies of current scientific and literary teachings and also suggestions as to the best service to be rendered by the church in interpreting those tendencies for the spiritual and intellectual advantage of its followers.

Divorcees Must Pay Up.

LaGrange, Ind., Nov. 22.—The rapid growth of divorce litigation in Indiana has resulted in actions being taken toward reforms in the granting of divorces. It is said as the result of an investigation that the court dockets of the state have been found to be incumbered with decrees granted where no costs have been paid, the aggregate amount being startling. The result has been a decision on the part of Circuit Court judges that no divorces will be granted unless the costs are paid, and that in cases where decrees have been issued the marital bonds are still binding if the costs have not been paid.

Wrecked by Runaway Cars.

Nogales, Ariz., Nov. 22.—Saturday night near Casita, a station on the Sonora railroad, in Mexico, a passenger train collided with three cars which had got away from a freight train ahead and were running down a heavy grade at a great velocity. The engineer of the passenger train, George Barker, was instantly killed, the fireman was so severely injured that he died and the express messenger, J. O. Linton Milton, was injured, but not seriously. Four cars loaded with oranges are demolished and a locomotive wrecked.

All Blacklisted Men to Sue.

Chicago, Nov. 22.—Men claiming to have been blacklisted by railroads during the Debs strike announce that they will unite to form an organization for pressing heavy damage suits against the various railroads as a result of the Ketcham decision. It is said there are not fewer than 1,600 of blacklisted men in the city, that they will not ask less than \$10,000 each from each railroad that refused their services, and that they are bound to recover millions of dollars in verdicts.

Thorn Will Accuse Mrs. Nack.

New York, Nov. 22.—Martin Thorn will himself turn accuser when he is placed on trial for the second time for the murder of William Guldensuppe. Thorn and Mrs. Augusta Nack, his confessed accomplice, will both appear on the stand. Thorn's testimony, while virtually a confession, will be equal to a plea of being an accessory after the fact. He will claim the woman did the murder and that he only helped her to dispose of the body.

Labor Unions to Aid Miners.

Chicago, Nov. 22.—The members of every labor organization in the city affiliated with the Chicago Federation of Labor have been officially asked to contribute as liberally as their treasuries will permit toward the relief of the miners of the northern Illinois district, who are reported to be in a starving condition. This was the action of the big central body at its meeting yesterday.

Church Floor Crashes Down.

Cleveland, Ohio, Nov. 22.—Nearly 250 persons had a miraculous escape from severe injury or death at the Cory Methodist Episcopal church on Forest street Sunday evening. The floor caved in near the pulpit, and without warning the whole floor fell, carrying down all of its human freight. No one was killed or seriously hurt, but several received broken arms or legs.

Gladstone in His Usual Health.

London, Nov. 22.—A dispatch from Hawarden says that Mr. Gladstone, concerning whose health an alarming rumor was widely circulated here, is in his usual health, and on Sunday walked to and fro between the castle and the village church, where he attended service.

Hitchcock Is Chosen.

Boston, Mass., Nov. 22.—At the closing session of the National Evangelization union Horace Hitchcock, Detroit, was elected president. The convention will be held next year in Detroit.

Has Faith in Bimetallism.

Paris, Nov. 22.—In the course of a speech in the chamber of deputies, during the debate on the subject of the agricultural crisis, M. Meline, the premier, expressed the hope that the day would come when bimetallism would triumph as a solution of the agricultural depression.

PLAN IS SUBMITTED TO FIX THE MONEY

COL. TRENHOLM'S VIEWS ON MONETARY SITUATION.

This Commission Is Paying Much Attention to Suggestions from Cleveland's First Comptroller—To Fuse Greenbacks and Sherman Notes.

Washington, Nov. 22.—Colonel William L. Trenholm, who was comptroller of the currency under President Cleveland's first administration, has just submitted his views of currency reform to the monetary commission. They embrace a number of features entirely different from those of other experts and have been carefully studied by the commission during several recent sessions.

Colonel Trenholm recommends the fusion of the greenbacks and Sherman notes into one form of paper redeemable in gold. He thinks that these notes should be issued in denominations of \$1, \$2 and \$5, in order that the people may have confidence in the money in current circulation. He believes that a redemption fund of \$100,000,000 would be sufficient to maintain the parity of the entire volume of about \$450,000,000.

The object of this suggestion is to enable banks at remote points throughout the country to meet the local demand for currency when it arises, and only as it does arise, and at the same time to limit and control such issues through the operation of the principle of self-protection, which will assert itself in the management of the accepting banks.

Regarding the disposition of the silver dollars and silver certificates, Colonel Trenholm suggests that the silver now in the treasury be constituted into a reserve fund for the guarantee of outstanding silver dollars, and that the silver certificates in excess of the actual bullion value of the coins and certificates outstanding be canceled from time to time as they come into the treasury. He recommends that silver certificates be issued in denominations of \$10 and over, and that some of them be issued in denominations of \$1,000, \$5,000 and \$10,000, in order that they may be held by national banks in the proportion of 20 per cent of their lawful money reserve.

Colonel Trenholm suggests an international agreement among silver producing countries for steadying the price of silver. He does not contemplate the restoration of silver to parity with gold, but the regulation of the price, so as to give the assurance to the world's commerce that there can be no further material decline in the price.

BIG FIRE AT MELBOURNE.

Property Valued at \$5,000,000 Destroyed in the Australian City.

Melbourne, Australia, Nov. 22.—A great fire broke out here at 2 o'clock Sunday morning, and in a very short space of time did enormous damage.

The burned section included many of the largest business houses in Melbourne. The buildings were completely gutted, as most of them contained soft goods, the flames progressed with a rapidity which defied all checking, and in the furious wind ashes and burning debris were carried into the suburbs a distance of two miles.

It is estimated that the loss will reach £1,000,000 (\$5,000,000), while the trade in soft goods has received a serious setback. Hundreds of employees of all sorts have been suddenly thrown out of employment.

Fight Over Range Law.

Perry, Oklahoma, Nov. 22.—Several farmers and some cattlemen had a bloody fight west of here Saturday over the free range law, which was recently enacted by the territorial legislature. Half a dozen men were hurt and Jake Ogletree, a cowboy, and Hugh Cannon, a farmer, may die. The farmers are opposed to free range. Already many conflicts have taken place and regular war is expected. Wire fences have been cut, cattle killed and other depredations committed.

No News of Andree.

Tromsøe, Tromsøe Island, Norway, Nov. 22.—The steamer Victoria, which was fitted out by the governor of Tromsøe, under instruction from King Oscar, to search for Prof. Andree, the missing aeronaut, and his party, and which left here on Nov. 5, has returned from Spitzbergen. She brings no news as to the whereabouts or movements of Prof. Andree, although exploring parties landed ten times at various points in Danmand's isles.

Where Murder Is Justified.

Santa Fe, N. M., Nov. 22.—In the district court in Rio Arriba county, in the case of Epifanio Jaramillo and P. Salazar, for the murder of Pello Garcia, the jury brought in a verdict of not guilty. Then Judge Laughlin said to the jury: "Gentlemen, I find it is entirely useless to prosecute crimes in this country. It seems that murder is justified here. You can all be discharged permanently and go home."

Brookings, S. D., Nov. 22.—Of 400 tests of sugar beets made at the South Dakota experiment station many give over 20 per cent sugar. Some farms gave as high as 22 and 23.5 per cent. These are believed to be the most remarkable beet tests ever made.

TASK IS HOPELESS THE PEOPLE SAY

GENERAL BLANCO CAN NEVER SUCCEED IN CUBA.

His Program Denounced—Both Spaniards and Insurgents Reject the Plans of the Captain General—Reconcentrados in Matanzas Die of Hunger.

Havana, via Key West, Nov. 22.—The policy of the new government is enraging the Spaniards on the island. Marshal Blanco's merciful program is denounced, and shouts for Weyler and revenge are frequently heard.

One the other hand, the insurgents are just as bitter and irreconcilable. The word from the leaders is war to extermination or complete independence. Autonomy is scoffed at and will not be accepted.

It is said that Blanco is disheartened at the outlook, as he has discovered there is no chance for pacification of the island under the plans formulated by the Sagasta ministry.

Reports from Matanzas say that the conservatives, having become enraged at the change in the government's policy, are disturbing public order. The chief of police is endeavoring to prevent aid being given to the suffering reconcentrados by newspaper correspondents and others.

Of the reconcentrados in Matanzas, numbering more than 50,000, seventy-nine died in two days, thirty-seven perishing from hunger. Saturday seventeen deaths were reported, a large proportion of which were the result of starvation. In Jaruco about 65 per cent of the deaths are caused by starvation, and the same is true of many other towns. Owing to the lack of proper clothing and of blankets the situation of the reconcentrados is becoming worse as the winter season approaches, despite the efforts made to relieve them.

URGES MORE SOLDIERS.

General Miles Recommends the Enlargement of the Army.

Washington, Nov. 22.—General Nelson A. Miles would ask congress for more than \$15,000,000 for coast defense work next year. He also wants two more regiments of artillery properly to man the harbor fortifications already constructed. He urges the addition of at least 10,000 men to the strength of the army, and he would give the president power to increase the standing army to 70,000. He asks for five more regiments of infantry at once, and would then send men to Alaska to occupy three new forts.

These are among the recommendations in the report of General Miles to General Russell A. Alger, secretary of war. The secretary heartily favors the plan to add two regiments to the artillery service and thinks troops ought to be sent to Alaska to maintain law and order.

Doubt Wood's Story.

Seattle, Wash., Nov. 22.—Investigations made by Chief of Police Reed satisfied him that there is no truth in the story told Saturday by Charles Wood of Vinton, Iowa, to the effect that he had seen Edward Murray, Frank Novak's victim, alive and well on the streets of Seattle. The police regard Wood's statement as an effort to save Novak from the gallows, or else the eccentric ramblings of a man who is not mentally sound. No one here places any confidence in Wood's statements.

Two Die in Flames.

Topeka, Kan., Nov. 22.—Mrs. M. A. Trigg, aged 52 years, and her 10-year-old daughter, Ethel, lost their lives in a fire that destroyed their residence, in West Seventh street, at 4 o'clock Sunday morning. A son escaped with a broken leg, by jumping from a second-story window. Mrs. Trigg had escaped, but returned to save the daughter, and fell exhausted at her bedside. Her body was burned to a crisp. The girl was suffocated.

May Blockade Constantinople.

London, Nov. 22.—The Rome correspondent of the Daily News says: "I am able to assert on the best authority that the powers are discussing the advisability of a naval demonstration in the Dardanelles or a blockade of Constantinople if the Sultan does not yield to the demands of the powers with respect to autonomy for the island of Crete, especially in the matter of withdrawing the Turkish troops."

Dust Cyclone Wrecks Towns.

Melbourne, Australia, Nov. 22.—A dust cyclone swept over the northwest portion of the colony Friday evening. It was especially severe in the Wimmera district where several towns were wrecked, many churches and prominent buildings being ruined. One town alone suffered damage to the amount of £50,000. Several persons were seriously injured.

Delagoa Bay Case Settled.

London, Nov. 22.—A dispatch to the Daily News from Pretoria says it is understood there that the award of the Berne tribunal in the Delagoa bay case is in favor of the McMurdo claim for a sum under £2,000,000, and that Portugal has completed arrangement for a settlement.

Three Die at New Orleans.

New Orleans, La., Nov. 22.—There were eight new cases of yellow fever and three deaths Sunday.

MINE CONFERENCE AT JOLIET.

Another Effort to Settle the Strike in the Northern Illinois District.

Spring Valley, Ill., Nov. 22.—A conference of miners and operators has been called by State Secretary Ryan to meet at Joliet today. An assurance has been given the Miners' union that the operators will be all represented, and the impression prevails here that agreement will be reached for the settlement of the protracted lockout in the northern Illinois coal fields. Whatever figures may be arrived at must go back to each mining camp for ratification on the principle of the referendum. Delegates from Spring Valley, Ladd, Seatonville, Marquette, La Salle and Oglesby will attend. Manager Dalzell of the Spring Valley Coal company is so bitterly opposed to John Mitchell of this city, member of the executive board of the United Mine-Workers' organization of this state, that he positively refuses to have anything to do with the convention if Mr. Mitchell is present at the conference, and has so notified the state secretary. Mr. Mitchell will attend just the same, and has gone to Joliet for that purpose. The prevailing impression is that the operators have offered to give gross weight and 60 cents a ton for this third-vein field. The Springfield schedule is 64 cents. It is not believed that the miners of Spring Valley will accept any proposition which lowers the union scale.

COMPACT FOR PEACE.

Arbitration with Great Britain the End Sought.

Washington, Nov. 22.—Before many months have passed a general arbitration treaty between the United States and Great Britain is likely to become an accomplished fact. It will not be such a treaty as the friends of arbitration had hoped for, and in its practical phases will have no very definite meaning.

The treaty, the details of which are now being arranged by Secretary of State Sherman and Sir Julian Pauncefote, the British ambassador, is an emasculated edition of the Olney-Pauncefote treaty which the senate rejected early this year and which, if ratified by the present senate, will naturally have a sentimental rather than a practical value. It will at least place the governments of both the United States and Great Britain on record as advocating the principle of arbitration and every new affirmation of their belief in the propriety of settling international disputes in this manner makes for peace between them. The treaty will also be of some advantage in allaying excitement in case the relations between the two countries become strained, but in deference to the sensibilities of the senate so much has been deleted from the Olney treaty that the present convention is not much more than a declaration of good intentions.

Papal Delegate For Canada.

London, Nov. 22.—On high church authority it is learned that the success of Sir Wilfrid Laurier in the Manitoba school question will lead at once to his application to the vatican for appointment of a papal delegate for the dominion, the prelate to hold a position in Canada similar to that of Martinelli in the United States. Laurier thinks that this will enhance the position of the Catholic church in the dominion. It is said here that the appointment will be made by the vatican.

Head Off Filibusters.

Wilmington, Del., Nov. 22.—There was much excitement here Sunday when it became known that fifteen fully armed government deputies are guarding the steamer Laura, which has been in Harlan & Hollinsworth's ship yard since her seizure by the United States authorities some months ago for filibustering. A rumor was abroad that a body of men intended to seize the vessel, presumably for the purpose of another Cuban expedition.

Army Reform and Home Rule.

London, Nov. 22.—Army reform and Irish local government will make up other leading items of the parliamentary session, which is expected to open February 8. Two thousand delegates at the conservative conference in London this week make it quite clear that reform of the whole army system will be insisted on by parliament generally as a condition of increased army expenditure.

Asia Gave Silver No Hope.

Washington, Nov. 22.—Senators Cannon and Pettigrew, who went to China and the Asiatic silver-using countries to talk the white metal, have returned. It is said by their friends that they have found little to encourage them in their trip. Since they started out Japan repudiated their doctrine and China was lukewarm.

California Is Shaken.

Randsburg, Cal., Nov. 22.—Two very distinct shocks of earthquake were felt here Sunday, the first at 11:30, the next an hour later. The vibrations were from north to south. Buildings shook perceptibly, but no damage was done.

More Battleships Wanted.

Washington, Nov. 22.—Secretary Long will make a request for two more battleships and six torpedo boats in his annual report. If authorized the battleships will be of the Iowa type. Other requests will also be made, notably the improvement of the ordnance and the enlargement of the enlisted force.

AN APPLETON FIRM GIVES UP THE FIGHT

A BIG CLOTHING HOUSE IS CLOSED UP.

Green & Schreider Cannot Make Both Ends Meet and Decide on an Assignment—They Will Pay Thirty Cents on the Dollar to the Firm's Creditors.

Appleton, Wis., Nov. 22.—[Special]—The clothing firm of Green & Schreider made an assignment this morning. The liabilities are \$20,000, and the nominal assets \$22,000. Dull business for the past three years is the cause of the failure. The merchandise indebtedness is \$13,000. James A. Green is assignee. A sale of stock for the benefit of the creditors begins next Saturday. It is believed that 30 to 40 cents on a dollar will be realized.

MURDERED FOR \$6.

Nebraska Boy Found Wounded and Dying by the Wayside.

Plattsmouth, Neb., Nov. 22.—Lorenz Curtis, 9 years old, living near Kenosha, was found yesterday afternoon near the highway unconscious from a wound on the back of his head. He left town with \$6 in his possession, which was missing when he was found. He is still unconscious, and there is no hope of his recovery. Two suspicious-looking strangers are thought to have assaulted him to secure the money. No trace of them has been found.

In Memory of Henry George.

New York, Nov. 22.—The Henry George memorial committee, of which Mayor Strong and Seth Low are members, met in the city hall and drew up an appeal which will be made to the public in a few days. The appeal is, in part, as follows: "No memorial to Henry George could be at once more grateful to him and more satisfactory to all who recognize his worth than a provision made by public subscription to put his widow in such a position of comfort as she would undoubtedly have enjoyed had her husband devoted his genius and his wonderful power as a writer to the benefit of his family instead of the benefit of humanity."

Road Is to Open Mines.

New York, Nov. 22.—Several of the leading directors of the Canadian Pacific railway, who are backed by unlimited English capital and have the promise of liberal rights from the Canadian government, have organized an extensive mining company, which promises to eclipse anything that was ever projected in this country. They will conduct mining operations and various transportation and trading enterprises on a vast scale in British Columbia—particularly in the newly developed sections of Alaska. It is not unlikely that they will open up sections of the great northwest.

Russia Is Pressing Turkey.

Constantinople, Nov. 22.—The officials of the Russian embassy yesterday sent a second note to the Turkish minister pointing out that in times of difficulty Russia abstained from urging the payment of the war debt, due her from Turkey, but now that the government of Turkey has decided upon fresh armaments, which are not warranted by the present situation, Russia demands a portion of the arrears, on the same grounds that Austria urged the payment of the claims due to the Oriental railroad, an Austrian corporation, for transporting Turkish troops during the recent war with Greece.

Criticism McKinley's Policy.

New York, Nov. 22.—Discussing a dispatch from Washington stating that President McKinley's policy would be to urge Cubans to accept autonomy Thomas Estrada Palma of the junta said: "It is a moral impossibility that the president of a great nation like this should in any way uphold the hands of Spain and help to crush us in our struggle for liberty. The idea is ridiculous. It cannot be. The Cubans in Cuba and the Cubans in America have the utmost faith in the administration in Washington."

Weekly Bank Statement.

New York, Nov. 22.—The changes were as follows: Reserve increased \$1,643,100, loans increased \$4,853,200, specie increased \$793,900, legal tenders increased \$2,795,600, deposits increased \$7,785,600, and circulation decreased \$43,300; total loans were \$580,170,100, specie \$103,650,200, legal tenders \$80,537,400, net deposits \$643,117,400, and circulation \$15,939,200. Banks hold in excess of legal reserve \$23,408,250.

Burglars and Citizens Battle.

Newton, Conn., Nov. 22.—Two burglars were detected Saturday in the general store of Warner, Taylor & Curtis, at Sandy Hook, near this place. Seven shots were exchanged between the burglars and two citizens, the result being that one of the former was shot in the leg and hip. He surrendered and his companions were caught later. They gave their names as Thomas F. Hilton and Frank Wilcox.

State Christian Church Rally.

Kokomo, Ind., Nov. 22.—The annual state rally of the Indiana Christian church began in this city Sunday with a large attendance and will continue in session seven days. Members of other churches will join in the Thanksgiving service Thursday.

THE WORD PREACHED IN LOCAL PULPITS

SERMONS HEARD BY JANESVILLE PEOPLE.

Rev. R. J. Thomas of Chicago, General Missionary For the Baptist Home Mission Society, Addresses Local Audience—The Services Held in the Various Other Sanctuaries.

Rev. J. B. Thomas of Chicago, general missionary for the Baptist Home Mission society, preached at the Baptist church morning and evening. His morning text was in Phil. 2-5. "Let this mind be in you, which was in Christ." Jesus was the pattern that men should follow. Men are to learn of him. We want to have his mind in us. His life in us. Think, do and suffer as he did. Let his motives control you.

1. Let the mind that was in Jesus be in you, in the doctrines, which you hold Jesus taught us in regard to God. His fatherhood, his justice, his love. Jesus taught about the doctrine of man. Jesus was not only a son, but he was a man. You can reform a man but he needs Jesus within him. Jesus taught about the bible. You can't understand all about the things taught there, but what of it, you can't understand all that is in nature. Wherever the bible has been planted, it has borne bible fruit. The curse of the world is sectarianism. Why is this so? Because men do not base their doctrines upon the bible. Let the mind that is in Christ be in you in the life you live; in the family; in social life; and in religious life.

Mr. Thomas at this time showed the congregation some charts, which very vividly showed the condition religiously of this whole country. The Home Mission collection was then taken by the church.

The Y. P. S. C. E. held its monthly missionary meeting. Miss Maud McDonald led the meeting. The subject was "African Missions."

For his evening subject Mr. Thomas took for his subject, "The World's Greatest Light." Every age has its heroine. There has been one great light, Jesus Christ. He declared that He was the light of the world; no man would have ever dared to make such a declaration. Critics have not been able to disprove it. Jesus is the light of life. Jesus is the light of an ideal life. He exemplified it in His own life. You can safely give Christ to your boys as an ideal life to follow. Jesus is the light of the bible. Take the Christ out of the bible and there is nothing left. Take divinity from Christ and you have nothing left worth having.

"He that hath the Son hath life." He is the light of the judgment. Jesus is the light of heaven. Jesus shows us how low man is when in sin. His coming showed how much was needed to redeem him. Jesus also shows the ideal life. His life will help us to make everything that we do glorify God. Jesus revealed God to humanity. Only in Jesus can we see the personality of the Godhead. Study nature all you will you will not find the love of God, but look at Christ and you will see the great love of the Father. If you will open your heart and let Jesus in you will have the light of life.

PRESBYTERIAN CHURCH.

Rev. E. H. Pence Speaks of "Judges and of Judgment."

Rev. Mr. Pence of the Presbyterian church took for his topic yesterday morning "Judges and Judgments." Mark 3:15. Mr. Pence began by saying that the synagogue in the Jewish nation had become practically the center of its religious power. But the religion had become a mere set of mechanical rules. When Christ came, he adopted himself to the prevailing conditions of that time, and we read so often of his entering into the synagogue and teaching the people, and it was on one of these occasions that he met his judges, the Pharisees and judged them. There are judges and judges. We find people presuming to judge, but we find Christ not presuming, but assuming his natural and divine right to pass judgment. These Pharisees were presuming to judge Christ by their own low standards, by their traditions. These traditions, instead of being as was intended, simply an explanation or interpretation of the original law, finally became more authoritative than the law itself, and people were enabled to evade the law, in obeying the traditions. They were simply men's opinions as to certain petty things which they should or should not do and which the Pharisees made a religious duty. So they judged Christ and his disciples for plucking grain and a sabbath people on the Sabbath, and for eating with publicans and sinners. They had gotten as far as from the original law and the God behind it, that they could not understand Christ. Opinion is different from truth and just as tyrannical and despotic now as then. There are people today who make science to them what tradition was to the Pharisees. They don't want to get their science on the side of the Bible but to get the Bible on the side of science. There are people who will say that there is no such thing as the supernatural, that the laws of nature are inviolable, that a miracle is impossible, therefore they have no use for Christianity. Science is only the opinion of a few men about the truth of the laws of nature, the science of fifty years ago is simply ridiculous now. Fifty years from now the science of today will be utterly different. Don't worry a bit about what science

says about Christianity. There are also people today who don't care what becomes of any one else, just so they are saved, even as a brand from the burning. If they don't say it with their lips, they do with their lives. What do they care about reading the gospel to far away people or about a world-wide brotherhood or about being their brother's keeper? When Christ judged his judges by His standard they had not a word to say for themselves. He said, "It is lawful to do good on the Sabbath." Is it ever lawful to keep from doing good on the Sabbath or any other day?

If we by an expression of public sentiment and the moral influence of our actions and words, can help save the coming generation from the fell enemy here in Janesville, and do not do it, then in the sight of God we are guilty. We are sharing the guilt of those who carry on this nefarious business. If we have an opportunity to do good and do not do it, then we do evil.

The promptitude of the man's faith was what saved him. If we begin to cavil at duty and faith they lose their power over us eventually and finally Christ's judgment may be, "Depart from Me ye have not well done."

COURT STREET M. E. CHURCH.

Rev. A. W. Hall Talks of "God in Nature."

"God in Nature" was the theme discussed by Rev. Mr. Hall at Court Street M. E. church yesterday morning. The speaker said that one of the first titles God gave Himself was "I Am," a title that in itself may seem insignificant, and yet that expresses the presence of the Almighty in all lands and in all things; God everywhere, not only in this age and century, but in all ages, back when the morning stars sang together before time was "I Am."

God is not only everywhere, but He is everywhere acting. The forces of nature, gravitation, cohesion, all speak of the power of God. "He uphield all things by the word of His power." "In Him we live and move and have our being." We walk, we breathe, we live, not through acts of volition, but because of divine power. Without me, ye can do nothing. "I am the vine, ye are the branches" and in being branches we do not lose our individuality, any more than the grafted fruit loses its identity when to the parent stock.

If we could grasp the great thought that God gave us every power and every faculty that we possess, one would feel more like doing something for Him in return.

The house was well filled and the sermon one of the strongest that Dr. Hall has delivered.

In the evening the last of the series of "Pacific Trip Parables" was given. The song service was conducted by Miss Nott assisted by Mr. Al. Knoff with cornet.

CONGREGATIONAL CHURCH

Rev. Robert C. Denison On Obedience to the Heavenly Vision

At the Congregational church yesterday morning the pastor spoke on the text, "And whereupon King Agrippa I was not disobedient to the heavenly vision." He said in part: The life of men is in two worlds. One of them is that of spiritual existence, the other of material existence. We cannot escape living in these two worlds. And yet behind all action must be thought. The artist and mechanic must have an idea and be able to put their ideas into expression before we believe in their worth. So the Christian must have faith before he can have works. He must have a vision before he can proclaim the gospel. We must place the ideas of God into man, this religion. We must transform the idea of God into a living faith. But some may say, we can't have such a vision as came to Paul. If this is religion, it can't be for us.

If we strip the vision of Paul of all the miraculous, and put it into plain Anglo-Saxon words, it is this. Christ came to a man who was doing one thing and said: "There is a better way than this, there is a higher life than the one you are living. Does not such a vision often come to all, to the business man at his desk, the youth among the temptations. Do not all feel at times in some fleeting moment that there is a higher life than the one we are living. That is our vision and one we must not doubt.

God did not ask of us, did you believe in Paul's vision, but he will demand that we obey the visions of truth and love that come to us.

In the evening Mr. Denison spoke on "Why Christianity Insists that Every Man Should Have God in His Life."

OTHER RELIGIOUS SERVICES.

The Word as Given at Various Meeting Houses.

Rev. Mary Kimball held services at the Mary Kimball Mission yesterday, preaching at 3 p. m. Sunday school was held at 2 o'clock.

EVANSVILLE NEWS IN A LINE OR TWO

WELL KNOWN RESIDENTS ARE NO MORE.

Two Prominent Jug Prairie Farmers Are Summoned to the Final Rest—Other Items From the New City—A Shopiere Pastor Made Glad by His Flock.

Evansville, Nov. 22.—William Smith died at his home on Jug Prairie, Nov. 18, of heart disease, aged forty years. He had been a resident of Wisconsin since 1845. Besides a wife he leaves four children, three sons and one daughter. The funeral occurred at his late home, Saturday afternoon, the burial taking place in the Jug Prairie cemetery.

More Simmons, another one of Jug Prairie's well-to-do farmers, died at his home, on Friday, Nov. 19, of stomach trouble, aged fifty-nine years. He returned home about two weeks ago from taking sanitarium treatment at Mount Clemens, Mich. He leaves a wife. The funeral was held Sunday at 1 o'clock, the interment being in the Jug Prairie cemetery.

Some Entertainments

The first lecture of the People's Entertainment Course occurred Tuesday evening. Dr. Rusk of Chicago, gave a discourse on "Present Opportunities," which seemed to be enjoyed by the listeners. About \$280 worth of tickets have been sold for the course. The next entertainment will be the Swedish Concert Company on Dec. 19. The chicken pie supper at the M. E. church, Thursday evening, was a success. The Methodist ladies are noted for their excellent suppers, and for their hard work are rewarded by a clear gain of \$40.

The Firemen's annual party, Friday evening, was largely attended, many being present from out of the city. A next sum will be added to their treasury, of which we feel sure they are worthy.

It is reported that a medicine company will appear in the opera house every night this week.

The Georgia minstrels gave a good entertainment to a full house, Thursday evening.

Several from this city expect to attend Mrs. Ballington Booth's lecture at the Congregational church at Madison, December 1.

Personal Mention.

Mrs. John Randolph and four children have been spending the past week at the home of Eugene Harris. Mr. Randolph was engaged in the lumber business in this city for two years, but for the past three years has been in Alexandria, Mo. Mrs. Randolph has been spending the summer with relatives in the east, and when she leaves Evansville will go to Chatfield, Minn., where Mr. Randolph is now in the lumber yard. They will reside at Chatfield.

Mr. and Mrs. O. S. Shepard have gone to San Francisco, Cal., to spend the winter. Mr. H. N. Algard, of Oregon, accompanied them.

Rev. P. W. Peterson of Milwaukee, editor of the Lamplighter, spent most of last week in this city.

James McCall has moved into his new house. Charles Blackman has moved into Mrs. J. A. Hoxie's house, just vacated by Mr. McCall.

Mrs. Levi Leonard is entertaining her brother, John Prentice, and wife of Batavia, New York.

Mrs. R. Hankinson is entertaining her sister, Mrs. Henry Johnson, husband and daughter of Cleveland, Ohio.

Mrs. D. Hurlburt went to Preston, Minn., Wednesday, to spend a few weeks with the family of William Miller.

Mrs. E. P. Colton and daughter Grace, went to New York City, Thursday evening.

Andrew Manning went to St. James, Minn., Thursday, on account of the dangerous illness of his father.

Attorney R. M. Richmond transacted business at Algona, Iowa, last week.

Mrs. Nat Ballard is visiting her daughter, Mrs. W. C. Lawton in Chicago.

Misses Jessie Paylor and Maggie Clarke, of Belvidere, Ill., visited with Evansville friends Saturday and Sunday.

Mr. and Mrs. Luther Frantz, of Belvidere, are the guests of their parents in this city.

Fred W. Folger, of Milwaukee, is having a new warehouse erected for the use of the Evansville Lumber Co.

A son has been born to Mr. and Mrs. Irving Libby.

PLEASANT SHOPPIER GATHERING

Pastor is Remembered by His Congregation—Some Other News Notes

Shopiere, Nov. 22.—The donation at the Congregational church on Friday evening was a success in every way. A splendid supper was served and \$28.75 was the amount taken in during the evening. The preacher himself could not help but smile when he left the church for home. Jay Hammond left this place on Saturday for Chicago where he intends to spend the winter with his sister, Mrs. Charles Bell, of this place, has been very sick the past week but is slowly improving. The anti-horse thief society will hold its annual meeting in the Fraternity hall on Saturday evening, November 27, at 8 o'clock. John Weirick has been very sick again, the past week, but is somewhat better at this writing. Harley Burnham was threatened with typhoid fever, but is getting better. Miss Carrie Perkins has been spending a week at Clinton, with Freeman Kemmerer's people. Bert Radle, who was obliged to go to the hospital in Chicago, for two weeks,

came home on Friday last, and is under Dr. Mauley's care. Mrs. Frank Culver spent a week at Sharon, with her sister. Presiding Elder Pease took charge of the meetings at the Methodist church, Sunday last. Thomas O'Brien of Chicago, is spending a few days here. Mrs. O. P. Smith and son visited this place, Saturday. George Deane shipped another car of horses to the north of the state, Saturday.

SYRIANS IN A REAL RIOT

Former Janesville People Have Hot Time at Milwaukee.

Members of Janesville's former Syrian colony furnished work for the Milwaukee police yesterday afternoon. While Abraham Friend, a fruit peddler, was in his home, 199 Huron street, a drunken crowd of Syrians came into his house and began to beat him. After receiving a thrashing he escaped and ran to the police station. The patrol wagon was sent to the scene and Patrolman Kavanaugh succeeded in taking Joseph Nicholas, one of the alleged assailants.

While Friend was summoning the police his friends took up the fight and by the time the police arrived the whole colony was rapidly being drawn into the fray. The Syrians have given the police a good deal of trouble, and last night officers on the beat were found going about making disturbances.

Friend was the groom at the "Syrian wedding" some time ago. He and his wife went to Milwaukee to live soon after their marriage.

THE OVERFLOW OF LOCAL NEWS.

RAIN HELPS BADGER TOBACCO

Samples of the New Crop Sent to the East for Examination.

Milton, Wis., Nov. 21.—Rains early in the week furnished sufficient moisture to put the hanging tobacco in a fair degree of "case" on the sides and ends of the sheds, but did not get into the center of the leaf. Many growers took down a portion of their crop and are "stripping" it out. Dealers took advantage of the cessation to secure samples, which they forwarded to Eastern houses for examination. Should they meet with a favorable verdict, buying is likely to be active at an early date.

The early tobacco has cured out a good color, is of fine, thin texture, the veins are not large and the leaf shows but little "white vein." Late crops seem to have dried out, rather than cured properly, and show a light green color, and growers who are so unfortunate as to have this style of goods may as well make up their mind to accept unremunerative figures. This kind of leaf however, constitutes a small minority of the whole crop.

The few sales of the '97 crop in this county range in price at 6 to 7 cents for wrappers and binders and 1 to 1 1/2 cents for fillers. Late sales in the Janesville market of cured leaf include 240 cases by L. B. Carle and 125 cases by Fisher & Fisher.

S. B. Heddles of that city, has embarked in a new line of business that will be of advantage to the laborers. He has purchased a large structure, built for factory purposes, which he will use in the work of "stemming" tobacco for export trade. This is becoming quite an extensive business in Wisconsin leaf. His establishment when in full operation will employ 100 hands.

At Stoughton, O. H. Hemming has purchased from growers about 200 cases '93, '94 and '95 goods at 8 to 10 cents. H. T. Hansen has bought 105 cases of '96 at 6 1/2 cents straight.

There is little activity in the New York market for '96 Wisconsin, but prices remain firm, as packers know manufacturers must have it, and they are biding their time.

SAYS COL. POPE MUST PAY UP

Anderson, Ind., Man Claims Chainless Wheel Patents Belong to Him.

That chainless Columbia wheel which was shown in this city last week may yet cause Col. Pope a heap of trouble.

Victor Nulle, of Anderson, Ind., has employed counsel and began investigating the patents of the Pope Manufacturing Company, covering the Columbia new chainless wheel. Three years ago Nulle patented the same gearing, and he says that not only has he the letter of patent in his possession, but he has been riding his own wheel, which, it is claimed, is geared up exactly like the Columbia new pattern. When he made his application he displayed his wheel to many manufacturers but they told him the time was not then ripe for the chainless wheel.

CHAINLESS BIKES AT \$75

A. H. Sheldon & Co. Receive Letters From the Western Wheel Works.

Plenty of chainless wheels will be offered local wheelmen next year at \$75. A. H. Sheldon & Company are in receipt of a letter from the Western Wheel Works at Chicago, stating that they will be in the market next year with the latest improved chainless at \$75. The Columbia chainless which was recently shown in this city will retail at \$125.

HEART DISEASE.

SOME FACTS REGARDING THE RAPID INCREASE OF HEART TROUBLES.

Do Not be Alarmed, But Look For the Cause.

Heart troubles, at least among Americans, are certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, or poor digestion.

Real organic heart disease is incurable; but not one case in a hundred is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by branches of the same great nerves, the Sympathetic and Pneumogastic.

In another way, also the heart is affected by that form of poor digestion, which causes gas and fermentation from half digested food; there is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs interfering with the their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood makes it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart troubles is to improve the digestion and to insure the prompt assimilation of food.

This can best be done by the regular use after meals, of some safe, pleasant, and effective digestive preparation like Stuart's Dyspepsia Tablets, which may be found at most drug stores and which contain valuable, harmless digestive elements, in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will care any form of stomach trouble, except cancer of the stomach.

Little book on stomach troubles mailed free. Address Stuart Co., Marshall, Mich.

OF THEIR GOLDEN WEDDING

Written For Mr. and Mrs. Marden, Nov. 6, 1897, By Rev. T. Lauron

Fifty years ago we started,
On the path of life together,
Two fond hearts were then united
For life's fair and foulest weather.

Full of buoyant expectation,
Forth we launched our new made bark,
Confident, that in the nation
We, at least, would make our mark.

'Gainst the wind and current striving,
With united strength and aim,
One in purpose, one in feeling,
And the end of each the same.

So we've fought, and so we've conquered,
All that e'er opposed our way,
Till triumphantly we ushered
In our Golden Wedding Day.

While upon our voyage early,
Both of us together said,
That to run life's voyage safely,
We must be by Jesus led.

And for fifty years of sailing,
Jesus has our Captain been,
Never tiring, never failing,
Always at the helm been seen.

Now we greet you, friends and neighbors,
As we're passing down life's way,
Sharing with you heaven's best favors,
On our golden wedding day.

Blithe and hearty, cheerful, merry,
Thou our hair is tinged with gray,
Still our voices strong and clear,
As on our first wedding day.

"Growing old," the thought shall perish
And be lost in silence deep,
"Eternal youth," the thought we cherish
When this mortal goes to sleep.

Then when waked, at Christ's arising,
We shall hail the auspicious day,
Celebrate in anthems cheering
Our eternal wedding day.

With us marriage is no failure,
Cemented by Jesus' love,
For on Christ we trust our venture,
And our hopes of joys above.

Through him, happy, joyous, peaceful,
Fifty years of life have passed,
And we know through life eternal
All our joys will ever last.

THOMAS LAWSON.
Murder on the Increase in New York, State Statisticians Prove This.

The superintendent of state prisons has compiled statistics showing that the number of executions in the state of New York has greatly increased since the electrocution law took effect in 1890. Since that time forty executions have taken place, while from the creation of the state until 1890 there were but 230 hangings. This is an increase of more than 200 per cent in a year. Per contra, however, since the discovery of Hostetter's Stomach Bitters, there has been an immense increase in the number of dyspeptics in whose stomachs have been set right and made to act like clockwork by that useful remedy. It promotes secretion of the gastric juices, and begets a wholesome appetite; for the food which it enables the stomach to digest. Malarial fever, constipation, liver complaint, kidney and bladder trouble, nervousness and rheumatism are prevented and remedied by this popular medicinal agent. Taken before retiring it promotes sound refreshing sleep.

"THE ELECTRICIAN" TONIGHT

C. E. Blaney's Great Play to be Seen This Evening.

The cast which will represent Chas. E. Blaney's latest success "The Electrician" at the Myers Grand tonight includes Frank Harrington, Arthur E. Sprague, P. August Anderson, Will L. Phillips, James Bradbury, Chas. Phillips, Florence Stone, Helena Collier, Ada Boshell and a host of auxiliaries. Two dynamos running at the rate of 2000 revolutions a minute on the stage is a bit of realism that is a starter. We are told this actually happens in the second act of "The Electrician."

SOME LOCAL FOOTBALL NOTES

CHESTER BREWER of the U. W. team is still bothered with slight attacks of rheumatism.

An effort to give a gridiron event in this city next Thursday is now at foot the game to be played at Athletic park.

SEVERAL from this city will spend Thanksgiving in Chicago in attendance at the Wisconsin-Northwestern football game.

IRA MILTIMORE played a star game in Beloit, Saturday, with the Line City football team against the Freeport eleven.

MANAGER MARK McNAMARA is now figuring on how to get this year's football team out of their present financial embarrassment.

FRED JEFFRIES' work on the Beloit college team this season has been of the highest order and as an all around

good player he is placed in the front ranks.

BALPH BUELL, who played with the local high school team last season, stands an excellent show of being a member of the Beloit college team next year.

BIG BLANK BOOK MADE HERE

Leaves Open Out To A Width of Nine Feet.

The largest blank book ever manufactured in Janesville is being turned out this week by W. E. Clinton & Co., for the Janesville Machine Co. It is the contract register which is renewed every year and grows in size as new machinery is added to the company's line. Each line in the book holds a complete record of the order of one agent for the year, there being columns for three hundred and thirty-nine entries after each name. In order to make this possible it is necessary to use the short leaf system. The entries under this system are extended through four pages although the name is entered but once. Were the book made on ordinary lines it would open out in two pages each 4 1/2 feet wide. One thousand and five hundred sheets of paper were used in making the book and the heading which was printed at the Gazette job rooms took the time of three men for four days.

You can't afford to risk your life by allowing a cold to develop into pneumonia or consumption. Instant relief and a certain cure are afforded by One Minute Cough Cure. C. D. Stevens

STATE AID FOR SCHOOLS.

Money Has Been Apportioned By Superintendent Emery.

State Superintendent Emery has apportioned the state aid to the free high schools of the state. Fifty thousand dollars were distributed among 199 schools. As the number of free high schools increases each year, the amount to each school grows less. This year the high schools which expended \$1,000 or more for instruction during the year, receive \$260 from the state. Other schools receive about one-quarter of the amount expended for instruction.

Disfigurement for life by burns or scalds may be avoided by using DeWitt's Witch Hazel Salve, the great remedy for piles and for all kinds of sores and skin troubles. C. D. Stevens.

THIS DAY IN HISTORY

1645—Robert Cavalier Sieur de la Salle, explorer of the Mississippi valley, born at Rouen, France; killed by mutinous followers in 1687.

1738—Philip John Schuyler, American soldier, born in Albany; died there 1804.

1758—Dugald Stewart, eminent Scottish philosopher and lecturer, born in Edinburgh; died there in 1828.

1788—John Hanson, first president of the continental congress under the articles of confederation, died at Oxen Hills, Md.; born 1715.

1810—George Eliot (Mary Ann Evans), the English novelist, born at Griff, England; died 1880.

1873—The French-American steamer Ville du Havre, from New York for Brest, run down at sea by the English ship Lochearn; only 87 saved out of 243 souls on board.

1875—Henry Wilson, distinguished senator, died while vice president; born 1812.

1882—Thurston Wood, noted journalist and politician of New York, died in New York city; born 1797.

1886—George W. G. Ferris, inventor of the Ferris wheel, died in Pittsburgh.

SATISFACTORY APPOINTMENT.

It cannot fail to be a source of gratification to Hon. H. A. Cooper to note the general endorsement that his selection of Oscar F. Nowlan for the Janesville post office has received. The Janesville contest brought out strong candidates, any one of whom would have been thoroughly satisfactory. To discriminate between them on personal grounds would have been impossible—so acceptable would any one of them have been. It only remained, therefore, to consider the endorsements of patrons of the Janesville office. On the basis of this endorsement, the declarations of men most familiar with the local field, the choice was made. How wise the choice the approving comment heard on all hands goes far to show.

Promptness in ridding the state

service of incompetent employees seems to be the main offense charged against President Heg by the Milwaukee Journal. Tax payers can excuse a good many transgressions of this sort.

Chippewa Falls aldermen gave their

defaulting city treasurer an extension of time and so lost their chance to recover from bondsmen. The quality of mercy has been strained severely by the incident.

According to the Milwaukee cor-

respondent of the Times-Herald the senatorial question will not be raised in the Wisconsin republican convention for the excellent reason that nobody wants to raise it.

The killing of a Mississippi editor

by a lecturer who thought the free notice given him was not long enough, is another warning to editors, that the more space they give away the less they are appreciated.

An ordinance against immoral

shows is proposed in Milwaukee. Some provision against immoral remarks by the audience will be needed in Janesville unless the minstrel show standard is raised.

Young Mr. Brice, son of the ex-

senator made a characteristic dive into New York politics by paying about \$10,000 for his election to the position of city councilman, which carries a \$2,000 salary.

Several of the big college football

games having been pulled off without casualties, the game is losing its drawing attractions for morbidly inclined persons.

It would not appear to make a great

deal of difference what any other board thinks about the Rock county jail if the state board of control believes a new jail is needed.

As was expected, the leading fea-

ture of the Postmaster General Gary's annual report is his strong advocacy of the establishment of postal savings bank by the government.

Secretary Wilson's annual report

fairly bristles with proof that President McKinley made no mistake in putting him at the head of the Department of Agriculture.

It is a barrel of flour to wheat

straws that President McKinley does not recommend the retirement of the greenbacks in his annual message to Congress.

Between the horse show and the

murder trial of Martin Thorne a great many New Yorkers are furnished with the sort of amusement they like best.

Secretary Wilson is right in oppos-

ing any reduction of duties upon C.

nadian agricultural products which compete with our own.

The more accessible the Klondike regions are made, the more failures there will be among those who go there next year.

It hardly needed the decision of a United States court to convince sensible persons that boycotting was illegal.

If young Mr. Bergman wanted to avoid matrimony why did he risk his life for young head in Milwaukee?

Sir Wilfred Laurier is free to ask for whatever Canada wants, but that is no guarantee that he'll get it.

Huyler's cocoa the most delicious of any on the market. 25 cents a pound can. You will use no other after the first can. Sanborn & Co.

Couldn't See Through It.

There is a little girl living in Cleveland, the Leader says, who is rapidly causing her father's hair to assume the color of the driven snow.

The other day she looked up at him from between his knees, and asked:

"Papa, was it a wise person who said 'the good die young'?"

"Yes," said the musing man, "I guess so."

"Well," she went on, after thinking it over for some time, "I'm not so much surprised about you; but I don't see how mamma ever managed to get grown up."

Inhuman.

"That was a very inhuman reception Henderson gave the tramp who called there for a bite to eat yesterday, wasn't it?"

"I hadn't heard of it. What did he do?"

"Got out one of his wife's biscuits, and—"

"Surely he didn't feed it to the poor fellow?"

"No; he hit him with it."—Cleveland Leader.

A Change.

"What's the matter with Briggers?" asked the gentleman with the red shirt.

"I thought he was always so radical in his beliefs and wanted the money of the country divided up evenly. Now he doesn't say a word."

"Because," remarked the man with the whiskers, "his uncle has just left him \$10,000."—Cincinnati Commercial Tribune.

In Russia.

"Tell you what it is," said the returned tourist, "you can't be too careful in Europe."

"Why?"

"In St. Petersburg my wife remarked to a friend that she'd give me a good blowing up when she met me, and they arrested her for a nihilist."—Philadelphia North American.

A Way Women Have.

"You've got me charged with a box of cigars on the 12th inst. that I didn't have," said the customer.

"On the 12th, did you say?" replied the cigar dealer; "Oh, yes, you had 'em. Those are the ones your wife gave you for your birthday."—Yonkers Statesman.

A Warm Discussion.

Mrs. Darley (at breakfast)—It was very late when you returned home last night, George. The debate at your literary club must have been a very long one.

Mr. Darley (unguardedly)—Fifteen hot rounds.—Up-to-Date.

Struck One.

"Oh, Jack, I am so terrified when there is lightning."

"Get under the bed and it will never touch you."

"But we have folding beds."

"Very thing. Chance for you to shut up."—N. Y. Truth.

Wasting Time.

Philanthropic Caller (at jail)—My friend, have you any religious convictions?

Avery Paddun—Well, I reckon that's what you might call 'em. I was sent here for robbin' a church.—Chicago Tribune.

His Usual Reward.

"Grandpa, what is a peacemaker?"

"Well, a peacemaker is a man who jumps in to prevent two other men from fighting, and comes out with more bruises and black eyes than either of them."—Louisville Courier-Journal.

This Sounds True.

You should not be first on hand, Unless you would be beaten; The early bird may get the worm But the early worm gets eaten. —Puck.

GENEROSITY.

Willie (who has eaten his piece of cake as fast as possible)—Say! Ethel; let's play menagerie. I'll be the monkey and you feed me with your cake.—N. Y. Times.

Wanted to Find Out.

Minister—Will you take this man for better or for worse?

Bride—How do I know? That's what I'm marrying him for, to find out.—N. Y. Journal.

All Hope Gone.

Miss Perkinson—Ah, there is no marrying or giving in marriage in Heaven.

Miss Westlake—Well, dear, you know you have my sympathy.—Chicago Record.

Munyon Teaches You to Doctor Yourself.

"It is not necessary to call a physician every time you have an ache or a pain and pay him several dollars for counting your pulse and looking at your tongue," says Prof. Munyon. "Neither is it wise to neglect symptoms that may indicate the beginning of serious illness. The symptoms of most diseases are so plain that you know what ails you. Get the proper Munyon Remedy from some druggist at once and cure yourself before disease gets the best of you." Mostly 25 cents a bottle.

L. M. Sherman, professor of dancing, at 248 Fourth Avenue, South Minneapolis, Minn., says: "I am a convert to the efficacy of Munyon's Remedies because of their beneficial effect on me. I had been troubled with rheumatism in my elbows for a long time. I bought one bottle of Munyon's Rheumatism Cure and used it according to directions. The result was all I could have desired. The pain in my elbows and through my arms left as if some wizard had exercised it, and I am absolutely and entirely rid of it."

Where you are in doubt, a personal letter to Prof. Munyon, 1,506 Arch St., Philadelphia, Pa., will be answered with free medical advice for any disease.

Sanborn's Is a Modern Store.

The successful merchant of today must be a hustler in every way. He must, in a word, be MODERN. The business methods of ten and fifteen years ago that brought success, might, to a certain extent do it these days, but greater effort by double is necessary, to make for the merchant the same amount of profit as of yore. Each year finds an advancement along business lines. The man of business finds the trade-getting methods changing rapidly, and if he is not MODERN and up to the times he is left. SANBORN'S IS A MODERN STORE. A closer relationship between merchant and purchaser gives greater satisfaction to both. Sanborn makes a study of his trade's wants. PASSED AWAY.

Was First Lieutenant of Company F, Thirtieth Wisconsin Volunteer Regiment, and ex-City Marshal of Janesville—Mrs J. M. Grove Dies at Chicago—Demise of Mrs Streeter

Nicholas Crotzenberg, first lieutenant of Company F, Thirtieth Wisconsin Volunteer Infantry and ex-city marshal of the city of Janesville, died at the home of his son-in-law, William W. Hyzer at 1:35 o'clock this morning, age sixty-seven years.

Mr. Crotzenberg was born at Fonda, N. Y., Nov. 12, 1830. He came to Wisconsin in 1845 and settled in Janesville. He was married on July 27, 1854 to Miss Harriet Schenck, who, with one child, Mrs. W. W. Hyzer survives him. He was a carpenter and railroad contractor and had done much work in both lines. During James Sutherland's term as mayor of the city, Mr. Crotzenberg was made city marshal, holding the position for two years.

Mr. Crotzenberg had served through the civil war. He enlisted in "The Rangers," a company formed by Major F. F. Stevens. This company afterward became Company F, Thirtieth Wisconsin Volunteer Infantry. F. F. Stevens was elected captain, S. S. Hart, first lieutenant and Mr. Crotzenberg second lieutenant. The regiment was mustered into service on October 17, 1861, and mustered out on November 1, 1865. On May 11, 1864, Captain Stevens was promoted to the position of paymaster. Lieutenant Hart then became captain, and Mr. Crotzenberg was promoted to first lieutenant, serving until he was mustered out on November 21, 1864.

Mr. Crotzenberg was a man of forcible traits of character. Bluff and hearty in his way, he left his impression on all with whom he came in contact.

He had been ill for three years, with rheumatism and paralysis. The funeral will be held from the home tomorrow afternoon at 2:30 o'clock. Rev. Mr. Hall will officiate.

Mrs. Minnie D. Streeter.

After a illness of six days duration Mrs. Minnie D. Streeter died yesterday at 9:30 a. m. at her South River street home, her death being caused by pneumonia. A week ago Mrs. Streeter was taken with a slight cold which developed into sickness which she was unable to shake off Saturday night Dr. Miller, of White-water, was called in consultation. Her condition took a sudden turn for the worse that evening and death followed.

Mrs. Streeter was born and raised in this city. Besides an aged mother she leaves a daughter of nine years both of whom reside in this city. She was thirty-five years of age and was the daughter of William Cesar who, years ago, was a grain buyer of considerable note in this locality.

Funeral services will be held from the home tomorrow at 2:30 p. m. the interment to be in Oak Hill cemetery.

Mrs. C. M. Wood

Mrs. C. M. Wood, the aged mother of Mrs. M. L. Marble died at the home of her daughter, 254 Glen street early this morning, after a lingering illness. Mrs. Wood was born in Charlton, Mass., in 1812. She was twice married and for many years had made her home with her daughter. That the tired, pain-racked body is at rest, brings only a measure of thankfulness to those who loved her best. The funeral notice will be given later.

Mrs. J. M. Grove.

A telegram received in this city yesterday from Chicago announced the death of Mrs. J. M. Grove which occurred yesterday at 9 a. m. Mrs. Grove was formerly a resident of this city and was known here as Miss Eva Hanna. Besides a husband, an infant son is left to mourn her death. It is expected that the remains will be interred in this city and notice of the funeral will be given later.

Mrs. Mary Flannery

Mrs. Mary Flannery, formerly of this city, and wife of Edward Flannery, died Sunday evening at her home in Brodhead. Janesville people will remember Mrs. Flannery as Miss Mary Houghton. She underwent a surgical operation recently and did not rally from the effects. The funeral will be held from St. Rose's church, Tuesday at 10:30 o'clock.

LARGE COLD STORAGE.

Sanborn's Store Now Equipped with a New Cold Storage.

A valuable addition to Sanborn's grocery was completed today, and is now ready for filling. It is an enormous cold storage box with a capacity of one carload, and which holds over five tons of ice. It is the largest box of its kind in the city, and will prove of great value to this popular grocery and its patrons. Fruit and vegetables of all kinds can with its use be kept better in every way, than has heretofore been possible. Instead of having these articles subjected to the varying changes of temperature there is room enough in this new cold storage to care for an enormous quantity and to keep them in an even degree of temperature. The interior is lighted by electricity and no expense has been spared by Mr. Sanborn in making it convenient. Good things for Thanksgiving are already going into the box of which Sanborn will speak more fully tomorrow.

THE trade in cloaks this past week has surpassed every earlier effort. Perhaps it's style, perhaps it's the values, perhaps it's any of the three or all three together, surely the week to come will eclipse even the sales we have just finished. Give us a call and inspect our values and prices. T. P. Burns.

A New Coffee.

Sprague, Warner & Co., of Chicago, have produced another brand of coffee known as Bolcure of which we have just received a large invoice. It is put up in three pound air tight cans and is generally retailed at \$1. To introduce it we make a special price of 90 cents. Without doubt it is the finest coffee for the money ever put upon the market and is bound to be a favorite. Sanborn & Co.

DEPOSITORS BEGIN ANOTHER ACTION

OFFICERS AND DIRECTORS ARE DEFENDANTS.

Charge That They Were Not Doing Their Duty In the Management of the Bank of Edgerton—Ask For a Change of Venue From Rock County.

And now come the depositors of the Bank of Edgerton and demand satisfaction of the directors.

Saturday afternoon papers were served on the directors of the bank, the case being that of Frank J. Heitzel and others against Directors J. P. Towne, Henry Marsden, John Hurl, Thomas Thronson, W. W. Williams, J. J. Pearson, C. L. Barnham and R. C. Clatter.

The action is brought by a number of the depositors against the directors, on the grounds that they as officers and directors of the Bank of Edgerton failed to perform their proper duty.

Now that such an action has been commenced it is claimed that the greater portion of the depositors will join in and make a case that will bring about some settlement or satisfactory explanation.

Felker, Doe & Felker of Milwaukee, and Smith & Pierce and Sutherland & Nolan of this city, are the legal representatives of the depositors interested.

Deputy Sheriff Maltress of Edgerton, served papers on the directors this morning. A change of venue from the Rock county circuit court is asked on the grounds that the depositors have reason to believe that the court of Rock county has been prejudiced in the matter.

Damage Suit on Trial

\$50,000 damages are claimed by Geo. F. Crouse, of this city who brings suit against the C. & N. W. railroad. The case is now on trial.

The plaintiff claims damages for the injuries he received as engineer in a wreck that took place near the Black bridge which is north of this city on the night of July 26, 1896. At 10 o'clock this morning the case was called with the following jury in the box: W. J. McCord, Harry Green, James Scott, Lucius S. Fletcher, W. B. Andrew, Alex. McGregor, Sutton Norris, O. H. Packard, C. C. Howard, R. A. Barr, J. C. Stanton and A. B. Fessenden. The case was opened by M. G. Jeffris for plaintiff.

In charge of Under Sheriff Wallace Cochran, the jury at 11:30 o'clock were taken to the scene of the accident. Attorney C. H. Van Alstine and J. K. Fish are in attendance in behalf of the defendant, while Fethers, Jeffris, Fifeild & Mount are prosecuting.

In the case of James Young vs. M. M. Phelps, Administrator, it was ordered that the judgment and entry herein be amended by erasing the amount of costs as taxed by the clerk and by the insertion of the amount adjudged by the court.

In the case of Bostwick et al vs. the Rock County Agricultural society, the court ordered that the plaintiff have judgment of foreclosure for \$2271 45, damages \$50, solicitors fees and costs taxed at \$66 12.

In the case of James T. Brown vs. Bertha Brown, the motion made to the court in the case was denied.

The motion to approve a receiver in the case of Margaret Battery vs. Martin Garvin et al., was held open one week.

In the matter of the estate vs. Charles E. Wright, action was commenced.

THEIR WEDDING DAY IS SET

The Rosenblatt-Dower Nuptials To Occur December 21.

On the afternoon of Tuesday, December 21, will be solemnized the marriage of Miss Myrtle Dower, to I. Rosenblatt. The ceremony will be performed at the South Main street home of the prospective bride's parents, Mr. and Mrs. J. H. Dower. The bride to be is one of Janesville's fairest daughters while the groom to be was a former resident of Beloit. They will make this city their home.

TO HEAR NANSEN TONIGHT

Great Explorer Will Talk At Madison--Janesvillians To Attend.

When Nansen, the explorer, opens his article lecture in the gymnasium at the state university at Madison this evening, there promises to be a fair sized delegation present from this city. Among those who left on the late afternoon train today were Judge John R. Bennett, E. D. McGowan and Stanley D. Tallman. Nansen is to receive \$1,000 for the lecture, tickets selling at \$1.00 each. Scandinavians, with others, are preparing for a great reception.

MADE OVER.

An irritable man can be worked over into quite a fellow if he is fed properly. The lack of proper digestion sets up a condition of brain, that in turn shows in worry and fretfulness. Coffee is shown, in scientific experiments in artificial digestion, to arrest the process of digestion and delay and interfere in a serious manner with the operations.

Persons with anything but the most powerful digestive apparatus will find it advisable to leave coffee out of their dietary and use Postum Cereal Food Coffee. The change will remodel a "chronic" in short order.

NOVEL AND UNIQUE LUNCHEON

Miss Elizabeth Norcross Entertains a Party of Friends in Poster Land

A poster luncheon was given Saturday at one o'clock by Miss Elizabeth Norcross in honor of her friend and classmate, Miss Mae Stevens. The dining room was hung with gay posters that told of the latest books, magazines and comic publications. Posters filled the picture frames, peered from door panels and gave warm color to the walls. The name cards, which were miniature posters done in water colors served a double purpose. On the backs were conundrums concerning poster artists, and the prize offered for the best answers to these conundrums was won by Miss Stevens. The covers of magazines with titles removed were passed around after luncheon, and there was earnest rivalry as to who could make the best list.

The guests were:

Misses—Stevens, Lyman, Chicago; Shumway, Palmer, Milwaukee; Jackson, Rucker, Milwaukee; Mabel Bostwick, Val-Rose, Cal.; Lejo, Cal.; Newcomb, Quincy, Ill.; Valentine, Crosby, Milwaukee; Ray Bostwick, Mae Bostwick.

FINE MILTON AVE. TOBACCO

Indications That This Year Crop Will Hold Record

According to the Leaf the farmers up on Milton avenue seem to be in luck this year, as their tobacco is generally early. Eugene Mitchell has 8 acres of as fine as you might wish to see and there is James Shields, with 16 acres of even growth and perfect cure. Thomas Mackin has 10 acres that are as good as a Klondike mine. John Decker and his brother Jonathan have some fine goods, as has Geo. Decker. The Risch crop, on the Unions farm, is very good, and Charles Dickson is equally fortunate. William Clark has ten acres that are hard to beat, and Albert Schnell always has the banner crop on the street, although several are neck and neck with him this year. Lee Beers has six acres that he is not afraid to compare with any, and John Wright is another lucky man, while Albert Dillenbeck smiles every time he thinks of his splendid '97 crop.

SMALL MULES---SMALL PRICE

Rocky Mountain Burros Are Not Desirable Property It Seems.

There is no demand for "Rocky mountain mules" in this city. This fact was demonstrated Saturday afternoon when two burros of this variety sold at auction at The Exchange on East Milwaukee street for \$1 50 and \$2 50 each. James Hopkins, the owner of these beasts of burden, was pleased to get rid of them at this price. J. H. Burns who made the purchase of one, says that he will ship him to Klondike in the spring.

SMALL WORD MADE A BIG DIFFERENCE

STENOGRAPHER'S ERROR ENDS PROSECUTION.

Frank Burhans, of Milton Junction, Discharged on a Technicality, a Mistake Having Been Made in Copying the Complaint on the Type-writer--Other Municipal Court Notes

A stenographer's mistake brought a case to an abrupt end in the municipal court this morning.

Webster's dictionary says that the words "gain" and "game" have two entirely distinct meanings and thereby hangs this tale.

An error in the type written complaint that the State of Wisconsin presented in the case against one Frank Burhans resulted in the discharge of the prisoner.

At 10 o'clock this morning, Burhans, who lives at Milton Junction, appeared in court to answer to a complaint that had been filed against him charging him with having conducted a gambling house on Merchants' row at Milton Junction. The accused, who has been out on \$200 bail, was represented by Smith & Pierce and proposed to plead "not guilty" and fight the case.

Error is Discovered

District Attorney Jackson opened the case by reading the complaint which in substance read that the accused allowed the people to play for "games" in his temperance billiard room, when the document, as intended, should have read that the accused allowed the people to play for "gain."

Attorney C. E. Pierce was not slow in taking advantage of the error and jumping to his feet asked the court to discharge the prisoner on the grounds that the complaint did not state an offense. Judge Phelps granted the motion. Burhan then received the congratulations of a half dozen of his friends who came down from the Junction with him, and left the court room happy. It is now said that a new complaint will be made out and that Burhan will be rearrested.

Wall and Doran in Court

Bert Doran and William Wall, the two young men who assaulted Frank C. Haselton, Saturday afternoon, were before the municipal court this morning, and the case was set for Friday morning, the defendants being required to give bail in the sum of \$100 each.

Wall and Doran were engaged in a fight near the Woodruff factory, and stoned Haselton when he stopped to watch. A hand to hand fight followed both young men attacking Mr. Haselton. The latter defended himself, but was beaten with a stone in a painful manner. Chief Hogan arrested the defendants Saturday night.

Michael O'Gara was given three days in jail for being drunk.

Carefully Reared.

Fond Mamma—I am glad you had such a nice time at Mrs. Tiptop's and I hope she noticed how carefully you had been brought up. You did not ask twice for desert did you?

Small Son—No, indeed, ma. I didn't have to. Every time I finished a dish and began scraping the saucer with the spoon and smacking my lips, the waiter came and brought me some more without saying a word.—N. Y. Weekly.

Finally Convinced.

"I have been a great many years reaching the conclusion," she said, thoughtfully, "but I guess I may as well admit that my husband is the most indolent man alive."

"When did you discover it?"
"Yesterday evening he punctured his bicycle tire. Instead of going ahead and fixing it, he sat down for half an hour to see if it wouldn't get its second wind."

Now I am of the opinion
That a person should get some
Warmth in this present life of ours
Not all in that to come.

So when Boreas blows his blast
Through country and through town
Or when upon the muddy streets
The stiling fog rolls down.

ELASTIC STARCH has been before the people of the United States for twenty-three years and is without doubt the greatest starch invention of the Nineteenth Century. Last year its sales reached the unprecedented number of twenty million packages. It is prepared upon scientific principles by men who have had years of practical experience in fancy laundrying. It makes ironing easy, restores old summer dresses to their natural whiteness, and imparts to linen a beautiful and lasting finish. It is the only starch manufactured that is perfectly harmless, containing neither arsenic, alum, or any other substance injurious to linen, and can be used even as a baby powder.

A DINNER IN FLORIDA

SHOOTING ON AN OLD ABANDONED PLANTATION.

Wild Turkey For a Thanksgiving Repast. Daddy Paddy as a Guide and a Cook. Game That Is Fast Passing Away—Two Good Shots.

[Copyright, 1897, by the Author.] The first Thanksgiving I ever passed away from home found me encamped on the banks of Blue spring, about 100 miles from the mouth of the St. Johns river, in the midst of a wild orange grove.

I was then, as now, an enthusiastic hunter, and soon after I had pitched my

DADDY PADDY AND HIS HUT.

tent was scouring the country adjacent for game. The bare pine woods, with their scant soil and tall trees, offered little in the way of real sport except a few flocks of quails and now and then a deer or a fox squirrel. It so happened that I had extremely bad luck that Thanksgiving week, and my primitive larder on the morning of the eventful day contained nothing more than some salt pork, bacon and hard tack, with a few vegetables.

The grove in which my tent was pitched belonged to an abandoned plantation, and not far away, in the center of a half wild garden, lived one of the ancient retainers of the departed household in a little, tumble down shanty. He was an old negro, known as Daddy Paddy, who claimed to have come into Florida when it was an Indian possession and to have been at one time a slave of Conchochee, the Seminole "Wildcat." He was over 90 years old, anyway, for he could tell tales of the times of Andrew Jackson and was at the battle of New Orleans. He always insisted, however, that General Washington was present at that memorable event, declaring with great pertinacity that if he did not take part in the fight he was "thar or tharabouts." His wrinkled skin was black as ebony, but his wool and his eyebrows were white as snow, giving to this old man the air and dignity of a patriarch.

Early in the morning, while the dew was still glistening on the grass blades and the river hidden beneath banks of mist, I took my gun and sauntered down toward the garden where Daddy Paddy had his dwelling place, intending to hunt the hammock that lay beyond it.

I saw his white, woolly head bobbing about among the fig and oleander trees, and as I threw my leg over the snake fence he saw me and cried out excitedly: "Hi, dar, massa! Lemme tell yo' me jes' see de bigges' gobbler may eyes eber look at. Fac' done shuah yo', massa."

"Which way did he go, Daddy? Tell me, quick! We haven't any time to lose." The old man turned and gazed at me with an air of offended dignity in face and attitude, notwithstanding his bent form and shaking limbs.

"Look heah, massa. 'Pears toe me yuse puttin on aish. Now, whose am dat turkey? Am it yorn, or am it mine? He's settle dat ques'ion right now on dis spot."

"Well, it won't be anybody's if we don't get after it soon, will it? Come now, Daddy, don't lose time fooling. Tell me which way he went."

"Dat ain' what me axes yo'. Am it yorn, or am it mine? I'm de one dat sees de turkey an' puts yo' on de trail. Now, de ques'ion am, Ef we git um, whose am it?"

"Well, Daddy, if we get the turkey, which looks mighty doubtful, yo'll have your share. Does that satisfy yo'?"

"Yessir, dat am de talk. Oh, we git um shuah 'nuff! Dat ar' turkey an' goin' toe be our meat. When me see turkey fly dat away, me knows ezactly whar toe fin um, sah. An, wha's no', he am lib'ly toe hab hen tuhkeys wiv um, sah. Now go mosey right 'long fer dat big pine on de aige ob de hammock, an ole Daddy'll foller behin' yo'."

The old man went back to set a stick up against his door, to keep it fastened during his absence, then began to hobble after me.

Finally after more than an hour of agonizingly slow progress we came to the border of a broad savanna, where we stopped under the shade of a wide spreading live oak, and Daddy gave me final instructions.

"See dat lone palmetto ober dah by de creek? Well, right beyon dat palmetto am a buhn (tract of grass recently burned over), an, boy, shuah's yo's alibe, dah is tuhkeys right dar! Git down on yo' knees an' c'm'l, keeful, keeful, along de aige ob de hammock, an when yo' gits neah de palmetto yo' raise up an gib it toe 'em—pam! Yo' un'stan wha' me done tole yo', boy?"

"Yes, Daddy, I understand." My respect for the old man had increased, since he had shown himself so well informed regarding wild turkey habits, and I followed his instructions implicitly. Casting myself prone upon the grass, I painfully worked my way toward the spot indicated by Daddy, my heart beating loudly at the prospect of a near shot at the turkeys. In front of me, after I had accomplished my painful journey, was a natural screen of high grasses and scrub palmetto, and to prove Daddy Paddy's prediction correct I had only to rise to my feet and peer over it. Taking off my hat and slowly assuming a stooping posture, raising my head inch by inch, I peered cautiously through the grass tops, but suddenly dropped to the ground, clutching my gun, my hands shaking as in an ague fit.

The sight before me on the burned space near the creek for the moment unnerved me, for it was the first time in my life that I had beheld wild turkeys in short range and in a large flock. There were nine of them there—a great, bronze hued gobbler, whose glossy plumage shone like burnished copper and gold in the morning sun, and eight hen turkeys, all feeding quietly, not more than 50 yards away!

The remembrance of my lean larder, without even a bit of meat for the Thanks-

giving dinner, nerved me for a supreme effort, and, quieting my trembling hands, by a mighty effort of will power I again essayed a look at the game, holding my gun ready to fire the very second my head appeared above the grass.

Yes, there they were, still feeding on the burn, as yet unconscious of my presence. But just as I ran my eye along the brown barrel of my trusty gun the old gobbler raised his head, and his bright eye caught a glimpse of danger. Too late, however. Just as those burnished wings were spread for flight a puff of smoke told of the danger lurking behind that clump of grass and palmetto. The proud head fell to the ground, and the glorious bird lay sprawling, with its quivering wings outstretched.

His flock did not wait to see what the matter was, but were off at once, beating the air with vibrant wings, but not before a second shot from the second barrel had sent the rear bird of the flock tumbling to earth, a ruffled heap of glistening feathers, not ten yards distant from its slaughtered mate.

"Hurrah!" I shouted, leaping forth in great excitement, but not forgetting to eject the empty shells from my gun and slip in two loaded ones as I ran along.

"There he is, Daddy; there's our Thanksgiving dinner. The biggest turkey in Florida, I'll bet a dollar. Thirty pounds if he is an ounce. And there's a hen, too. Both of 'em dead as nails!"

"Didn't me done tole yo' so? Didn't me said dah tuhkeys on de buhn?" demanded the old negro as he hobbled up fast as his shaking limbs could carry him.

"So you did, Daddy; so you did. If it hadn't been for you I'd never have seen them. You've got a great head, Daddy, sure enough."

"Jes so, jes so, ma boy. Me done tole yo' so." And the old man wagged his woolly head sagely and chuckled to himself. He insisted upon "toting" the hen turkey, while I carried the gobbler, and we both were tired when we reached his garden and my camp. We had a long dispute about the division of the spoils, each one insisting that the other was entitled to the larger bird. It was finally decided that we would "hivle" the hen and roast the gobbler, and that Daddy Paddy should have all he wanted of either or both. "Dat am de bes' way," he shrewdly observed, "fo' ef me hab whole tuhkey toe mase'f, him done spwile befo' me eat um up."

Daddy was a famous cook in the heyday of the old plantation's glory and he soon proved to me that his prestige had not suffered, despite his 90 years. Scooping an oven out of a clay bank he dressed the gobbler and placed him therein on a bed of glowing coals and watched over and basted him so assiduously that I am ready to aver that no dinner that day in all Florida was better cooked or eaten with a greater relish. We had baked potatoes, Irish and sweet, turnips and celery, where-with to garnish the bird, oranges from our own trees and tobacco to smoke that I had ordered expressly by the last boat from down the river.

"Dis all rumminds me," murmured Daddy contentedly, "we didn't use hab no Tanks'gibin in ole slavery times, sah. Chris'mus—dat de season when de tuhkey fluttah, sah. But it am all de same, how-somebber. Tank de Lawd, we uns hab 'nuff toe eat fo' once shorely. An may de good Lawd presab we uns toe enjy de Chris'mus comin an mack we uns lucky 'nuff toe fin' dem tuhkeys a rummin wile in de hammock. An don' yo' forgit, ma boy, dat ef it wan't fer de ole man yo' no hab tuhkey fo' dinna. No sah, no Daddy, no gobbler; don' forgit dat!"

The finest,

most delicate things you have you needn't be afraid to wash with Pearline. The fact that a thing is delicate and easily torn is the very reason why you should take Pearline to it. Nothing else can get it clean with so little rubbing and wrenching.

If you observe carefully, you'll notice that the women who are the most particular about their washing and their housekeeping and their housework are the ones who

are the most enthusiastic about Pearline.

Look Out

Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as" Pearline. IT'S FALSE—Pearline is never peddled; if your grocer sends you an imitation, be honest —send it back.

THE QUAKER Crimped Crust

BREAD PAN.

Makes the sweetest and best bread that can be turned out--dainty of crust, rich and moist inside. It is common sense bread; it is scientific bread. Every virtue of the flour, every aroma of the bread, is held as you never saw it before.

Quaker bread cannot burn while baking. You can pack the oven full of pans and the loaf in each will bake perfectly.

Just as Good for Cakes and Puddings.

20c each,

And a loaf of fresh Quaker Crimped Crust Bread, free, with every Pan.
